MELIOR EXECUTES AMENDMENT TO LOAN FACILITY

Toronto, Ontario, June 7, 2019 - Melior Resources Inc. (TSXV: "MLR") ("Melior" or the "Company") today confirms that it has signed and closed an amendment to the loan agreement entered into between Melior and Pala Investments Limited ("Pala") dated August 9, 2018 as amended on November 16, 2018 and February 4, 2019 to, among other things, increase the principal amount of the loan facility by US\$2,500,000 to approximately US\$21,000,000 (the "Third Amended Agreement"). In addition, Pala has the right to convert the principal amount of US\$15,747,473.45 (the "Principal Amount") and any interest and fees accrued under the loan facility (the "Interest and Fee Amount"), each at the conversion prices set out in the Third Amended Agreement. In connection with the signing of the Third Amended Agreement, Pala was issued 171,807 common shares in the capital of Melior (the "Arrangement Fee Shares") in settlement of a US\$50,000 arrangement fee payable by Melior to Pala. The Arrangement Fee Shares are subject to a four-month hold period in accordance with the policies of the TSX Venture Exchange and applicable securities laws.

Additional details of the Third Amended Agreement were summarized in the Company's news release dated June 6, 2019.

Prior to entering into the Third Amended Agreement, Pala owned or controlled, directly or indirectly, 13,960,736 common shares in the capital of Melior ("Melior Shares"), representing 46.96% of the issued and outstanding Melior Shares, based on 29,729,963 Melior Shares issued and outstanding. Based on the Principal Amount and an Interest and Fee Amount of US\$5,153,188.20 outstanding under the loan facility as of the date hereof and assuming (i) an exchange rate of C\$1.3378 for each US\$1.00 (the Bank of Canada rate for June 6, 2019) and (ii) using a conversion price of C\$0.39 per Melior Share in respect of the conversion of the Principal Amount and C\$0.35 per Melior Share (the five day volume-weighted average price of Melior Shares (on days that trading of Melior Shares occurred on the TSX Venture Exchange)) in respect of the Interest and Fee Amount, the loan facility would be convertible into a total of 73,714,828 Melior Shares. Following such conversion and the acquisition of the Arrangement Fee Shares, Pala would hold 87,847,371 Melior Shares, representing a security holding percentage of 84.78%, an increase of 37.82%.
